

# SPONSORSHIP

**Unite Camps is pleased to announce an environmental overnight camp for North State 5th and 6th grade students.**

In partnership with local school districts, Unite has been formed to provide a solution to the loss of the long standing science camp held at the Whiskeytown location. This devastating loss to our community as a result of the Carr Fire in 2018 left students and teachers looking for a solution. The Unite team has been providing the Enterprise School District with a leadership camp for the past 5 years. It has proven to be an incredible experience for teachers and students. **Unite is now in its 3rd year hosting camps for Enterprise, Redding, Columbia, Anderson and surrounding school districts .** We are now booking for this fall and Spring overnight sessions. Unite has established itself as the science camp solution for Shasta County students.

We are looking to the business community to help underwrite this program. Sponsorships will help keep camper costs low so that no student is unable to attend. Sponsorship funds will also help purchase the equipment and learning tools needed to provide quality science based learning in an outdoor camp setting.

If you have questions or interest in becoming a sponsor please contact Jeff Breshears. The sponsorship levels and form are attached to this cover.

# SPONSORSHIP

UNITING STUDENTS, TEACHERS AND COMMUNITY THROUGH SHARED OUTDOOR EXPERIENCES

## BRINGING BACK OUTDOOR EDUCATION CAMP TO SHASTA COUNTY STUDENTS

### Support Outdoor Education through the Unite Camps Year long Sponsorship Opportunity

Help underwrite the outdoor education program as we seek to keep camp costs down so that every student has the opportunity to experience camp. Funds will help purchase equipment and supplies needed to get this program started.

#### Spring & Fall 2023/24 Season

**Reach:** 2000+ students attending camp in the fall and spring sessions. Camp video and pictures from each session will drive traffic to the web site. Sponsor logos and links will be prominently displayed.
